2019 MEDIA KIT

INTEGRATED MARKETING SOLUTIONS CUSTOMIZED TO MEET YOUR SPECIFIC NEEDS
RFID Journal events are the most productive use of my prospects’ time. Seeing is believing, and your events prove the value of the technology and make them successful.”
—Roy Noepel, Enterprise Sales Manager, OATSystems, a division of Checkpoint

Being a small company, it was critical for us to receive a large number of high-quality visitors at our booth. The results that we achieved were beyond our expectations. We received so many visitors that we could not serve all of them, and most of them were high-quality contacts. In the four weeks after the show, we’d already received orders from some of these visitors. We will undoubtedly repeat next year.”
—Ramir De Porrata-Doria, CEO, Keonn Technologies

RetailX will bring together three events under one roof: the Internet Retailer Conference & Exhibition (IRCE), GlobalShop and RFID Journal LIVE! Retail. The aim is to be the event for retailers, store designers and e-tailers that are reinventing themselves to address the changing retail landscape.

RFID is the technology that will enable true omnichannel (not multi-channel) retailing, and RetailX will position RFID as the key to selling to customers anytime, anywhere and by any channel they choose.

RetailX will be a fully integrated digital and physical, design, financial and retail technology show at which attendees can view the latest and best of what’s available for retail today. It will be a window into what retail is and can be—a destination for inspiration, education and implementation.

FAQs

ARE YOU FOLDING RFID JOURNAL LIVE! INTO RETAILX?
No, the two will be separate events. RFID Journal LIVE will take place in Phoenix, Ariz., on Apr. 2-4, 2019. RFID Journal LIVE! Retail at RetailX will be held in Chicago, Ill., on June 25-27, 2019.

WHY ARE THESE THREE EVENTS BEING CO-LOCATED?
Because no single event currently addresses the clear trend of online and physical stores merging, or the needs of retailers and e-tailers looking to transform to meet the needs of customers.

WHO WILL ATTEND RETAILX?
RFID Journal markets to its audience of retailers that are interested in improving inventory accuracy and enabling true omnichannel retailing via RFID. IRCE attracts more than 6,000 brands and retailers, including Amazon, Target, Walmart and Kohl’s. GlobalShop brings visual and store design professionals from chain retailers, independent retailers consumer packaged goods companies and contract design firms. RetailX will attract innovation teams representing merchandising, planning, design, e-commerce and IT functions.

HOW IS RETAILX DIFFERENT FROM OTHER RETAIL-FOCUSED EVENTS?
RetailX is the only conference and exhibition focused on the new retail landscape, in which customers want to buy via a variety of channels. The event will attract retailers that sell mostly via physical stores and are developing online channels, as well as those that sell online but may be expanding into physical stores, or stores within stores.

RetailX creates an event with a complete solution set that is unique and unprecedented.
Let RFID Journal create a customized event to meet YOUR business goals

Every year, RFID Journal produces the most respected, must-attend events in the industry. Now you can leverage the industry’s most trusted brand to produce a unique event to meet your particular needs. We can create an event that will enable you to reach your target customers, whether they are in a specific vertical industry (e.g., automotive, health care, retail), or have a particular job function (supply chain, packaging, manufacturing) or title (CIO).

Why work with RFID Journal?

In addition to having one of the most respected brands in the industry, RFID Journal has the world’s largest database of end users interested in RFID technologies. That means we can target the specific audience you are interested in reaching. We can build co-located events alongside our existing world-class conferences, or create a standalone product with your company, as either the sole sponsor or part of a partnership of sponsors.

Whether you have an idea for a new event, or an existing event you are looking to expand or co-locate, let the experts at RFID Journal help you execute a tailored event to meet your needs.

Introducing RFID Journal’s Virtual Events—Providing Unique and Powerful Benefits to Marketers

What is a virtual event?
Just as a conference is a series of seminars in a single location, virtual events are seminars held over the Internet. The key difference is that a virtual event provides a more robust program with several speakers and sponsors participating in each event.

Why participate in a virtual event?
Our virtual events are turnkey online events. We will harness our broad audience and ability to attract attendees with high-quality content to deliver highly qualified sales leads. After each virtual event, we will provide sponsors with a lead report according to their sponsorship level. This is one of the most effective ways to gain new sales leads and maximize your online marketing efforts.

How does it work?
We will find appropriate end-user speakers, and produce and moderate the event, lending our valuable editorial credibility. We will then promote the event to a vast audience comprising 100,000 registered users and 200,000 monthly website visitors.

An average of 250 registrants/leads generated per virtual event

SPONSOR BENEFITS

CAPTURE QUALIFIED SALES LEADS:
Following the virtual event, RFID Journal will provide the premier sponsor with a detailed lead report. Our registration process will capture information from all who register and review an archived event, and the premier sponsor will receive contact information for every prospect.

REACH THE LARGEST AND MOST QUALIFIED AUDIENCE:
RFID Journal will aggressively promote each virtual event to capture the largest number of qualified prospects available, thereby saving you time and marketing dollars.

TURNKEY PROGRAM:
RFID Journal will handle all of the back-end work for you, so you don’t have to worry about technical headaches or paying expensive licensing fees. All you need to do is provide a speaker and presentation.

POSITION YOUR COMPANY AS A THOUGHT LEADER:
RFID Journal will recruit end users to speak at the virtual event, and you will be associated with our high-quality editorial and well-respected brand. There is no better way to position your company as a thought leader and a technology leader in a specific segment of the market.

MARKETING BENEFITS OF RFID JOURNAL VIRTUAL EVENTS

To generate registrations, we will promote each virtual event to our online audience—the largest and most qualified audience of RFID decision-makers in the world. This will save you marketing dollars and give you an instant source of qualified attendees.

E-NEWSLETTERS:
Prior to the event, RFID Journal will promote each virtual event in our e-newsletters, which reach an audience of more than 50,000 subscribers.

BANNER ADVERTISING:
RFID Journal will run an ad campaign of up to 500,000 ad impressions on rfidjournal.com to promote each virtual event.

PRESS RELEASE:
RFID Journal will publish a press release via eReleases, and on rfidjournal.com, to promote each virtual event, its speakers and its sponsors.

SPONSORSHIP OPPORTUNITIES

PREMIER SPONSOR ($15,000)
As the exclusive premier sponsor, you will get maximum branding exposure before and during the event. You will receive a 40-minute speaking slot, and all leads from the virtual event, as well as all leads from anyone who watches the playback. In addition, you will be able to have registrants answer up to five customized questions.

PLATINUM SPONSOR ($7,500)
As one of up to two platinum sponsors, you will get branding exposure before and during the event. You will receive a 20-minute speaking slot, and receive a total number of leads equal to half of all who register for the virtual event, including all leads from those who watch the playback (the rest will be chosen at random if fewer than half of the people watch your session).

GOLD SPONSOR ($3,000)
As one of up to four gold sponsors, you will get branding exposure before and during the event. You will receive a 10-minute speaking slot, as well as a total number of leads equal to 25 percent of all those who register for the virtual event, including all leads from those who watch the playback (the rest will be chosen at random if fewer than 25 percent watch your session).

RFID Journal has introduced the ability to deliver ads to our highly qualified audience based on any or all of the following criteria:

<table>
<thead>
<tr>
<th>Industry</th>
<th>Country or U.S. state</th>
<th>Keywords or phrases in articles</th>
<th>Day of the week</th>
<th>Reader frequency</th>
</tr>
</thead>
</table>

Targeted marketing means you’ll never waste money advertising to those who are not your target audience. This is the most powerful, cost-effective marketing tool for RFID companies!

**How it works:**

**TARGETING BY INDUSTRY**
RFID Journal’s website is segmented by industries in which RFID is making an impact, including automotive, apparel and footwear, manufacturing, and retail. Ads can be displayed only on pages within these particular sections, so that you reach potential customers in the vertical industry you want.

**TARGETING BY KEYWORDS**
Ads can be displayed based on keywords in any given article. Want to reach people interested in jewelry tags, for instance, or medical cabinets? We can display your ads only to readers who have clicked on an article related to the specific topics you choose, so you’ll know you are reaching potential customers interested in your products or services. You can purchase any keyword, including your company’s name—and those of your competitors.

**TARGETING BY LOCATION**
Ads can be targeted by country or U.S. state for optimal geo-targeting. Need to reach customers in California, Germany, Korea or India? No problem—we can target any country in the world.

**TARGETING BY DAY**
Ads can be targeted by particular days of the week, so that you can ensure you get your message in front of prospects at optimal times.

**TARGETING BY USER FREQUENCY (FREQUENCY CAP)**
Ads can be served to a particular user a set number of times per week or month, to ensure broadest exposure. Increase the efficiency of your advertising by controlling how often your message is viewed by repeat visitors.

**Other opportunities:**

**WHITE PAPER POSTING LEAD GENERATION**
› RFID Journal will list white papers in our dedicated white paper resource area.
› You will receive a 300 x 250 vertical banner each with 100,000 impressions to promote each white paper.
› RFID Journal will provide full contact details we receive for each download of each white paper.

**CONTENT SPONSORSHIP**
Sponsor a feature or section of RFIDJournal.com and achieve guaranteed promotion and exposure to thousands of RFID decision-makers around the world.
